Ras Al Khaimah Co. For White Cement & Construction Materials P.S.C.

Directors' Report

The Directors submit their report together with the audited consolidated financial statements of Ras Al Khaimah Co. for White Cement & Construction Materials P.S.C. and its subsidiaries for the year ended December 31, 2022.

Incorporation and registered office

Ras Al Khaimah Co. for White Cement & Construction Materials P.S.C., Ras Al Khaimah (the "Company") is incorporated as a public shareholding company by Emiri decree number 13/81 dated 3 October 1981 issued by His Highness the Ruler of Ras Al Khaimah. The address of the Company's registered office is P.O. Box 1492, Ras Al Khaimah, United Arab Emirates.

The "Group" comprises Ras Al Khaimah Co. for White Cement & Construction Materials P.S.C. and its subsidiaries:

Name of subsidiary	Proportion of ownership interest	Country of incorporation	Principal activities
Modern Block Factory Establishment	100%	U.A.E.	Manufacturing of concrete blocks, interlock tiles and cement products.
Ras Al Khaimah Lime Co. Noora LLC	100%	U.A.E.	Manufacturing of lime products.

The principal activities of the Group are manufacturing and supply of white cement, lime products and cement products and investing, establishing and managing relevant activities.

Results and appropriation

The operating results and the consolidated financial position of the Group are fully set out in the attached consolidated financial statements. The Group reported a net profit of AED 21.08 million for the year ended December 31, 2022 (2021: net profit of AED 32.87 million).

Dividends

At the annual general meeting held on March 31, 2022, the Shareholders approved cash dividends of 10% amounting to AED 50,015,700 to the shareholders in respect for the year ended December 31, 2021. They have also approved the board of Directors' remuneration for an amount of AED 2.85 million.

At the annual general meeting held on April 12, 2021, the Shareholders approved cash dividends of 5% amounting to AED 25,007,850 to the shareholders in respect for the year ended December 31, 2020. They have also approved the board of Directors' remuneration for an amount of AED 1.14 million.

Auditors

Talal Abu Ghazaleh & Co. International – RAK were appointed as auditors for the year ended December 31, 2022 and being eligible, they have expressed their willingness to continue in office once elected at the forthcoming Annual General Meeting.

These consolidated financial statements for the year ended December 31, 2022 (including comparatives) were approved by the Board of Directors on February 25, 2023 and were signed on their behalf by:

Chairman

Chief Executive Officer

INDEPENDENT AUDITOR'S REPORT

The Shareholders,
M/s. Ras Al Khaimah Co. For White Cement & Construction Materials P.S.C
Ras Al Khaimah
United Arab Emirates.

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of **Ras Al Khaimah Co. For White Cement & Construction Materials P.S.C** (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position as at December 31, 2022, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2022, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board of Accountants Code of Ethics for Professional Accountants (the "IESBA Code") together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The consolidated financial statements for the year ended December 31, 2021 were audited by another auditor who expressed an unmodified opinion on those consolidated financial statements on February 26, 2022.

Report on the Audit of the Consolidated Financial Statements (continued...)

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment losses on trade receivables

As at December 31, 2022, trade receivables were AED 47,452,447 against which impairment loss allowance of AED 3,616,295 was recorded (Note 7 to the consolidated financial statements).

Management exercises significant judgement when determining both when and how much to record as trade receivable impairment allowance as per requirements of IFRS 9 "Financial instruments". Because of the significance of these judgements and the materiality of trade receivables, the audit of trade receivables impairment loss allowance is a key area of focus.

The work that we performed to address this key audit matter included the following procedures:

- We obtained an understanding of the Group's process for estimating impairment loss allowance.
- Tested the reasonableness of management's key assumptions and judgments used in the determination of impairment loss allowance and its consistency with IFRS 9.
- Tested the accuracy and completeness of data used in the determination of impairment loss allowance.
- Tested the adequacy of the disclosures pertaining to impairment loss allowances included in these consolidated financial statements.

Allowance for slow moving inventories

As at December 31, 2022, Gross value of Inventories amounted to AED 109,809,236, against which provision for slow moving inventories amounted to AED 31,342,762. Inventories include various types of inventories that are reported at the lower of cost of net realizable value. Assessing net realizable value of inventories is an area of significant judgement, in particular with regard to the estimation of allowance for slow-moving inventories.

The management has relied upon their experience, physical verification, operational condition and understanding of the nature and use of spare parts, and has accordingly made estimations for allowance for slow moving inventories. Since significant judgement is involved in assessing the required allowance, we have identified this as a key area of focus.

Report on the Audit of the Consolidated Financial Statements (continued...)

Key audit matters (continued...)

The work that we performed to address this key audit matter included the following procedures:

- We inquired of the management to understand the procedures undertaken by them as part of the inventory review and assessment of allowance for slow moving items.
- Verified the physical existence and good condition of randomly selected samples of the inventory.
- Tested the valuation of year-end inventory including challenging judgements taken regarding obsolescence, net realizable value provisions, historical usage and future usage expectation.

Other Information

The Board of directors are responsible for the other information. Other information consists of information included in the Director's report, other than the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of consolidated financial statement, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs and in compliance with the applicable provisions of the Articles of Association of the Company and the UAE Federal Law No. (32) of 2021, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's consolidated financial reporting process.

Report on the Audit of the Consolidated Financial Statements (continued...)

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Audit of the Consolidated Financial Statements (continued...)

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements (continued...)

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by UAE Federal Law No. (32) of 2021, we report that for the year ended December 31, 2022:

1. We have obtained all the information we considered necessary for purposes of our audit.
2. The consolidated financial statements have been prepared and comply, in all material respect with the applicable provisions of UAE Federal Law No. (32) of 2021 and the Articles of Association of the Company.
3. The Group has maintained proper books of accounts.
4. The consolidated financial information included in the Directors' report is consistent with the books of accounts of the Group.
5. Investments in shares and stocks are included in note 5 to the consolidated financial statements.
6. Transactions and term with related parties disclosed in Note 21.
7. The Group made social contributions as disclosed in Note 27 to the consolidated financial statements.
8. Based on the information that has been made available to us, nothing came to our attention which causes us to believe that the Group has contravened during the financial year ended December 31, 2022, any of the applicable provisions of UAE Federal Law No. (32) Of 2021 or the Articles of Association of the Company which would have a material effect on its activities or on its consolidated financial position as at December 31, 2022.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

1. GENERAL INFORMATION:

Ras Al Khaimah Co. for White Cement & Construction Materials P.S.C. (the "Company") is incorporated as a public shareholding company by Emiri decree number 13/81 dated 3 October 1981 issued by His Highness, The Ruler of Ras Al Khaimah. The address of the Company's registered office is P.O. Box 1492, Ras Al Khaimah, and United Arab Emirates.

The principal activities of the Company and its subsidiaries (the "Group") are manufacturing and supply of white cement, lime products, cement products and investing, establishing and managing similar activities. The "Group" comprises of Ras Al Khaimah Co. for White Cement & Construction Materials P.S.C. and its Subsidiaries.

At the Annual General Assembly Meeting held on March 31, 2022, the shareholders approved to amend Company's article of association with respect to Article 5 (2) – Purposes of the Company and Article (7) – Percentage of Ownership and on April 13, 2022 the changes were applied.

Details of Company's subsidiaries at December 31, 2022 are mentioned in Note 3: Basis of consolidation.

2. NEW AND REVISED STANDARDS, INTERPRETATION AND AMENDMENTS

The accounting policies adopted in the preparation of consolidated financial statements are consistent with those applied by the Group in the interpretation of the consolidated financial statements for the year ended December 31, 2021 except for the adoption of the following new standards, interpretation and amendments.

2.1 Standards, interpretations issued and effective for the current year

The Group has adopted all the applicable new and revised standards and interpretations issued by the International Accounting Standards Board (IASB) and the International Financial Reporting Interpretations Committee (IFRIC) of the IASB that are relevant to its operations and effective for the year beginning on 1 January 2022.

2.1 Standards, interpretations issued and effective for the current year (continued...)

- ***Proceeds before intended use (Amendments to IAS (16) Property, Plant and Equipment.***

The amendments prohibit an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced before that asset is available for use, i.e. proceeds while bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the cost of producing those items, in profit or loss.

The amendments also clarify that an entity is 'testing whether the asset is functioning properly' when it assesses the technical and physical performance of the asset.

If not presented separately in the consolidated statement of comprehensive income, the consolidated financial statements shall disclose the amounts of proceeds and cost included in profit or loss that relate to items produced that are not an output of the entity's ordinary activities, and which line item(s) in the consolidated statement of comprehensive income include(s) such proceeds and cost.

- ***Reference to the Conceptual Framework (Amendments to IFRS 3).***

Minor amendments were made to IFRS 3 'Business Combinations' to update the references to the Conceptual Framework for Financial Reporting and add an exception for the recognition of liabilities and contingent liabilities within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets and IFRIC 21 Levies. The amendments also confirm that contingent assets should not be recognized at the acquisition date.

- ***Onerous Contracts — Cost of Fulfilling a Contract (Amendments to IAS 37).***

The amendments specify that the cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract consist of both the incremental costs of fulfilling that contract (for example, direct labour and materials) and an allocation of other costs that relate directly to fulfilling contracts (for example, allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract, among others)

Before a separate provision for an onerous contract is established, an entity recognizes any impairment loss that has occurred on assets used in fulfilling the contract.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

2. NEW AND REVISED STANDARDS, INTERPRETATION AND AMENDMENTS
(continued...)

2.1 Standards, interpretations issued and effective for the current year (continued...)

- *Annual improvements to IFRS 2018-2020 (Amendments to IFRS 1, IFRS 9, IFRS 16 and IAS 41)*

- *IFRS 1 Amendments, First-time Adoption of International Financial Reporting Standards*

The amendment provides additional relief to a subsidiary which becomes a first-time adopter later than its parent in respect of accounting for cumulative translation differences. As a result of the amendment, a subsidiary that uses the exemption in IFRS 1: D16 (a) may elect, in its financial statements, to measure cumulative translation differences for all foreign operations at the carrying amount that would be included in the parent's consolidated financial statements, based on the parent's date of transition to IFRSs, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. A similar election is available to an associate or joint venture that uses the exemption in IFRS 1: D16 (a).

- *IFRS 9 Amendments, Financial Instruments*

The amendments clarify the fees an entity includes when it applies the '10 per cent' in assessing whether to derecognize a financial liability, an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

- *IFRS 16 Amendments, Leases*

The amendment to illustrative example 13 accompanying IFRS 16 removes from the example the illustration of the reimbursement of leasehold improvements.

- *IAS 41 Amendments, Agriculture*

The amendment removes the requirement in paragraph 22 of IAS 41 for the entities to exclude taxation cash flows when measuring the fair value under IAS 41

These amendments had no material impact on the consolidated financial statements of the Group.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

2. NEW AND REVISED STANDARDS, INTERPRETATION AND AMENDMENTS
(continued...)

2.2 Standards, interpretations and amendments in issue not yet effective and not early adopted:

		Effective date
IAS 1 – Amendment	Classification of Liabilities as Current or Non-current	1 January 2023
IFRS- 17 – New	Insurance Contracts	1 January 2023
IAS 1 – Amendment & IFRS practice statement 2	Disclosure of Accounting Policies	1 January 2023
IAS 8- Amendment	Definition of Accounting Estimate	1 January 2023
IAS 12- Amendment	Deferred Tax related to Assets and Liabilities arising from a from a Single transaction	1 January 2023
IFRS 10 and IAS 28 Amendments	Sale or Contribution of Assets between an Investor and an and its Associate or Joint Venture	Indefinite effective date

If applicable, the Group intends to adopt these new and amended standards and interpretations when they become effective. The management anticipates that the adoption of the above standards and interpretations in future periods may have an impact on the consolidated financial statements of the Group.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Statement of compliance:

The Group prepared its consolidated financial statements in accordance, and comply with, International Financial Reporting Standards (IFRS) and IFRS Interpretations Committee (IFRIC) applicable to the group companies reporting under IFRS and applicable requirements of the UAE Federal Law No. (32) Of 2021.

Basis of preparation:

These consolidated financial statements have been prepared on the historical cost basis, except for the measurement at fair value of financial instrument. Historical cost is generally based on fair value of the consideration given in the exchange for the asset.

In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purpose in these consolidated financial statement is determined on such basis, and measurement that have some similarities to fair value but are not fair value, such as net realizable value in IAS 2 or value in use in IAS 36.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH
UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of preparation:

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the assets or liability.

The Group presents its consolidated statement of financial position broadly in order of liquidity, with a distinction based on expectations regarding recovery or settlement within twelve months after the reporting date (current) and more than twelve months after the reporting date (non-current), presented in the notes.

Basis of consolidation:

The consolidated financial statements of Ras Al Khaimah Co. for White Cement & Construction Materials P.S.C and its subsidiaries (the "Group") incorporate the financial statements of the Company and the entities controlled by the Company (its subsidiaries).

Control is achieved when the Group:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH
UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued...):

Basis of consolidation (Continued...):

The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- The size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated income statement and consolidated statement of other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statement of subsidiaries to bring their accounting policies in line with the Group accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flow relating to transactions between members of the Group are eliminated in full on consolidation.

The Company has the following subsidiaries over which it exercises effective control:

<u>Name of subsidiaries</u>	<u>Proportion of Ownership interest</u>	<u>Country of incorporation</u>	<u>Principal activities</u>
Modern Block Factory Establishment	100%	Ras Al Khaimah U.A.E.	Manufacturing of concrete blocks, interlock tiles and cement products.
Ras Al Khaimah Lime Co. Noora LLC	100%	Ras Al Khaimah U.A.E.	Manufacturing of lime products.

Foreign currencies

Functional and presentation currency

Items included in the consolidated financial statements are measured and presented in United Arab Emirates Dirhams (AED), being the currency of the primary economic environment in which the Group operates (the functional currency'). The consolidated financial statements are presented in AED, which is the Group's functional and presentation currency.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH
UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued...):

Foreign currencies

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the consolidated statement of comprehensive income, except when deferred in other comprehensive income as qualifying cash flow hedges.

Balances and transactions denominated in US dollars ("USD") have been translated into the presentation currency at a fixed rate as the exchange rate of AED to USD has been pegged.

Property and equipment:

Property and equipment held for use in production or supply of goods or services or for administrative purposes are initially recognized at their cost being their purchase price plus any other costs directly attributable to bringing the asset to the location and condition necessary for them to be capable of operating in the manner intended by the Management.

After initial recognition, the property and equipment are carried, in the consolidated statement of financial position, at their cost less accumulated depreciation and any accumulated impairment. Depreciation is calculated on a straight line basis, which reflects the pattern in which the asset's future economic benefits are expected to be consumed by the Group over the estimated useful lives of the assets and accordingly annual depreciation rates are decided for each class of assets.

The annual rate of depreciation used are as follows:

<u>Asset category</u>	<u>Life (Years)</u>
Buildings and building improvements	5-20
Plant and machinery	3-30
Tools, equipment, furniture and fixture	3-20
Vehicles	5-10

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Property and equipment: (continued...)

The depreciation charge for each year is recognized in the consolidated statement of profit or loss and other comprehensive income. The estimated useful lives, residual values and depreciation method are reviewed at each Year-end, with the effect of any changes in estimate accounted for on a prospective basis.

On the subsequent derecognition (sale or retirement) of the property and equipment, the resultant gain or loss, being the difference between the net disposal proceeds, if any, and the carrying amount, is included in the consolidated statement of profit or loss and other comprehensive income.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are either financial assets or financial liabilities.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant Year. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter Year, to the net carrying amount on initial recognition.

Financial assets

Any asset that is: cash, an equity instrument of another entity, or a debt instrument of another entity (a contractual right to receive cash or another financial asset from another entity, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially favorable to the entity, or a contract that will or may be settled in the entity's own equity instruments).

a) Initial measurement:

Financial assets are recognized when the Group becomes party to the contractual provisions of the instruments. At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Financial instruments (continued...)

b) Subsequent measurement:

- Debt Instruments

Subsequent measurement of debt instruments depends on an entity's business model for managing the asset and the contractual cash flow characteristics of the asset. The Group's financial assets are mainly debt instruments that are subsequently measured at amortized cost. The Group's financial assets are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Financial assets are measured at amortized cost using the effective interest method, less impairment. Gains and losses are recognized in profit or loss when the assets are derecognized or impaired, and through amortization process.

c) Impairment:

The Group assesses on a forward looking basis the expected credit losses (ECL) associated with its debt instrument assets carried at amortized cost and FVTOCI. For trade receivables, the Group measures the loss allowance at an amount equal to the lifetime expected credit losses.

d) Derecognition:

A financial asset is derecognized where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognized in other comprehensive income for debt instruments is recognized in profit or loss.

e) Financial assets designated at fair value through Other Comprehensive Income – equity instruments (“FVTOCI”)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as gain on investments in the consolidated statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Financial instruments (continued...)

e) Financial assets designated at fair value through OCI (equity instruments) (continued...)

Investments carried at fair value through other comprehensive income (FVTOCI) represent investments that the Group intends to hold for the long term for strategic purposes. The Group elected to classify irrevocably its listed equity investments under available for sale category as financial assets designated at fair value through OCI.

f) Financial assets at Fair Value Through Profit or Loss ("FVTPL")

Financial assets that do not meet the criteria for being measured at amortized cost or FVTOCI are measured at FVTPL. Specifically:

- Investments in equity instruments are classified as at FVTPL, unless the Group designates an equity investment that is neither held for trading nor a contingent consideration arising from a business combination as at FVTOCI on initial recognition.
- Debt instruments that do not meet the amortized cost criteria or the FVTOCI criteria are classified as at FVTPL. In addition, debt instruments that meet either the amortized cost criteria or the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency (so called 'accounting mismatch') that would arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases. The Group has not designated any debt instruments as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognized in profit or loss.

Despite the foregoing, the Group may make the following irrevocable election / designation at initial recognition of a financial asset:

- The Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if certain criteria are met; and
- The Group may irrevocably designate a debt investment that meets the amortized cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Financial instruments (continued...)

Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash comprises cash on hand and demand deposits where cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Financial liabilities

a) Initial recognition and measurement:

Financial liabilities are recognized when the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

b) Subsequent measurement:

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortized cost using the effective interest method. Gains and losses are recognized in profit or loss when the liabilities are derecognized, and through the amortization process.

c) Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

d) Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are measured at the higher of the amount of the impairment loss allowance and the amount initially recognized less, when appropriate, the cumulative amount of income recognized.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Inventories

Inventories are measured at the lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Spare parts and other inventories cost comprises of their purchase price.

Raw materials cost comprises of purchase cost and other costs incurred in bringing the raw material to their present location and condition. Products in process cost comprises raw materials, wages and industrial costs that contribute in transforming raw materials into products in process. Finished goods cost comprises raw materials, wages and industrial costs that contribute in transforming raw materials into finished products. Cost is calculated using the weighted average method.

When inventories are sold, the carrying amounts of those inventories are recognized as an expense in the period in which the related revenue is recognized. The amount of any write down of inventories to net realizable value and all losses of inventories are recognized as an expense in the period the write down or loss occurs. The amount of any reversal of any write down of inventories, arising from an increase in net realizable value, are recognized as reduction in the amount of inventories recognized as an expense in the period in which the reversal occurs.

Impairment of non-financial assets

At each consolidated statement of financial position date, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have been impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any, being the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of asset's fair value less costs to sell and the value in use. The asset's fair value is the amount for which that asset could be exchanged between knowledgeable, willing parties in arm's length transaction. The value in use is the present value of the future cash flows expected to be derived from the asset. An impairment loss is recognized immediately in the profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but the increased carrying amount due to reversal should not be more than what the depreciated historical cost would have been if the impairment had not been recognized in prior Years. A reversal of an impairment loss is recognized immediately in the consolidated statement of profit or loss and other comprehensive income unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

UNITED ARAB EMIRATES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Related party transactions

Related parties includes persons (or a close member of that person's family) that are related to the Group, has control or joint control over the Group, has significant influence over the Group, and/or member of the key management personnel of the reporting entity, or of a parent of the reporting entity. The Group is related to another entity if they are members of the same Group (that is all entities within a Group are related to each other).

Transactions with related parties, normally, comprise of transfer of resources, services, or obligations between the parties. At the consolidated statement of financial position date, the related parties' receivables are stated at the net realizable value.

Employees' end-of-service benefits

Provision for employees' end-of-service benefits is calculated in accordance with the Federal Labour Laws of United Arab Emirates.

Provisions

Provisions are present obligations (legal or constructive) resulted from past events, the settlement of the obligations is probable and the amount of those obligations can be estimated reliably. The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation at the consolidated statement of financial position date, that is, the amount that the Group would rationally pay to settle the obligation at the consolidated statement of financial position date or to transfer it to a third party.

Provisions are reviewed and adjusted at each consolidated statement of financial position date. If outflows, to settle the provisions, are no longer probable, reverse of the provision is recorded as income. Provisions are only used for the purpose for which they were originally recognized.

Contingent liabilities

Contingent liabilities are possible obligations depending on whether some uncertain future events occur, or they are present obligations but payments are not probable or the amounts cannot be measured reliably. Contingent liabilities are not recognized in the consolidated financial statements but are disclosed.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Current versus non – current classification

The Group presents assets and liabilities in the consolidated statement of financial position based on current/non-current Classification. An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Value added tax ("VAT")

Expenses and assets are recognized net of the amount of VAT, except:

- When the VAT incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the VAT is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of VAT included. The net amount of VAT recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the consolidated statement of financial position.

Cash and cash equivalents

Cash and cash equivalents are items, which are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash and cash equivalents in the consolidated statement of financial position comprise cash on hand and current accounts with bank and short-term deposits with original maturities of three months or less.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Share capital and reserves

Share capital represents the nominal value of shares that have been issued. Ordinary shares are classified as equity.

Statutory reserve is required to be created by UAE Federal Law No. (32) Of 2021 as described in note 10.

Retained earnings include all current and prior period retained profits.

Revenue recognition

Revenue is measured at an amount that reflects the consideration, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties. Revenue is adjusted for expected discounts and volume discounts, which are estimated based on the historical data or forecast and projections. The Group recognizes revenue from contracts with customers based on a five-step model as set out in IFRS 15:

- Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
- Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.
- Step 5: Recognize revenue: When (or as) the Group satisfies a performance obligation.

For performance obligations where one of the above conditions are not met, revenue is recognized at the point in time at which the performance obligation is satisfied.

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Dividend and interest income

Dividend income from investment is recognized when the shareholder's right to receive payment has been established.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset net carrying amount.

Earnings per share

Basic earnings per share is calculated by dividing;

- The profit attributable to shareholders of the Group, excluding any costs of servicing equity other than ordinary shares.
- By the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year and excluding treasury shares if any.

Segment reporting

For management purposes, the Group is organized into business units based on their products and service and has reportable segments as follows;

- a) Manufacturing of White cement, lime products, cements products.
- b) Investment in marketable equity securities.

There are no sale between segments during the year.

Management monitors the operating results of its business units for the purpose of making decisions about resources allocations and performance assessment. Segment performance is evaluated based on net profit or loss and is measured consistently with operating profit or loss in the consolidated financial statements.

Critical accounting judgments and key sources of estimation uncertainty

In the application of the Group's accounting policies, the Management is required to make judgments, estimates and assumptions about the reporting amounts of assets, liabilities, income and expenses that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the Year in which the estimate is revised if the revision affects only that Year or in the Year of the revision and future Years if the revision affects both current and future Years.

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued...)

Critical accounting judgments and key sources of estimation uncertainty: (continued...)

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the date of the consolidated statement of financial position, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial Year.

Impairment of financial assets

Measurement of Expected Credit Loss ("ECL") is a significant estimate that involves determination methodology, models and data inputs. The following components have a major impact on credit loss allowance: definition of default, SICR, probability of default ("PD"), exposure at default ("EAD"), and loss given default ("LGD"), as well as models of macro-economic scenarios. The Group regularly reviews and validates the models and inputs to the models to reduce any differences between expected credit loss estimates and actual credit loss experience.

The expected loss rates are based on aging of receivables. The historical loss rates are adjusted for to reflect forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables.

Allowance for slow moving inventories

Inventories are stated at the lower of cost or net realizable value. Adjustments to reduce the cost of inventory to its net realizable value, if required, are made at the product level for estimated excess, obsolescence or impaired balances. Factors influencing these adjustments include changes in demand, technological changes, physical deterioration and quality issues. Based on the factors, management has identified inventory items as slow and non-moving to calculate the allowance for slow moving inventories. Revisions to the allowance for slow moving inventories would be required if the outcome of these indicative factors differ from the estimates.

Useful lives of property, plant and equipment

The cost of property and equipment is depreciated over the estimated useful life, which is based on expected usage of the assets, expected physical wear and tear, which depends on operational factors such as repair and maintenance program and physical obsolescence. The Management has not considered any residual value as it is deemed immaterial.

(continued...)

Classification of investments

Management designates at the time of acquisition of securities whether these should be classified as at FVTOCI or FVTPL. In judging whether investments in securities are as at FVTOCI or FVTPL, management has considered the detailed criteria for determination of such classification as set out IFRS 9 Financial Instruments. Management is satisfied that its investments in securities are appropriately classified.

Total – Exhibit A	<u><u>51,681,491</u></u>	<u><u>45,952,556</u></u>

Before accepting new customers, the Group generally obtains bank guarantee or letter of credit from the potential customers. Trade receivables at the end of year amounting to AED 22.56 million representing 47.54% of the total trade receivables (2021: 18.79 million representing 43.60% of trade receivables) are due from the Group's six customers (2021: five customers).

The average credit period on sales of goods is 73 days. No interest is charged on outstanding receivables. The Group measures the impairment allowance for expected credit losses at an amount equal to lifetime ECL. The expected credit losses on trade receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for the factors that are specific to the customers bank guarantees, and letters of credit provided, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

All the Group trade receivables in the comparative periods have been reviewed for indicators of impairment. The impaired trade receivables are mostly due from customers in the business to business market that are experiencing financial difficulties.

The Group write off trade receivables when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings etc.

b) Movement details of impairment allowances for expected credit losses are as follows:

RAS AL KHAIMAH CO. FOR WHITE CEMENT & CONSTRUCTION MATERIALS P.S.C.

RAS AL KHAIMAH

UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

23. RISK MANAGEMENT (continued...):

a) Capital risk management (continued...):

The Group reviews the capital structure on a semi-annual basis. As part of this review, the Group considers the cost of capital and the risks associated with capital. The Group does not have a formalized optimal target capital structure or target ratios in connection with its capital risk management objective.

The Group changed its strategy during the year by settling all its term loan and currently its capital structure consist of equity, comprising issued capital, reserves and retained earnings.

b) Market risk:

The Group activities expose it primarily to the financial risks of changes in foreign currency exchange rates, cash flow and fair value interest rates and equity price risk. Market risk exposures are measured using sensitivity analysis.

• **Foreign currency risk management:**

Majority of the Group transactions are denominated in AED or in currencies AED is pegged to. However, the Group undertakes certain transactions denominated in other foreign currencies. Hence exposure to exchange rate fluctuations arise.

JPY	35,887	-	32,213	-

The Group is mainly exposed to Kuwaiti Dinar in 2022 (2021: Kuwaiti Dinar and Qatari Riyal). Based on the sensitivity analysis to a 10% increase or decrease in the AED against Kuwait Dinar the Group's profit for the year ended December 31, 2022 and equity as of and December 31, 2022 would have increased or decreased by approximately AED 1.79 million (2021: AED 8.08 million). The Group has no material exposure against Euro, Qatar Riyals, British Pound Sterling and Japanese Yen. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10%/ change in foreign currency rates.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

23. RISK MANAGEMENT (continued...):

b) Market risk (continued...):

• **Cash flow and fair value interest rate risk management**

The Group's exposure to interest rate risk is limited to fixed deposits and call deposits with banks at floating interest rates and borrowings from banks at floating rates of interest linked to EIBOR. At December 31, 2022, bank fixed and call deposits carried an interest rate in the avg. of 4.5% p.a. (2021: 0.1% p.a.) and bank loans carried an interest rate in the avg. of 2.2% p.a. (2021: 1.88% to 2% p.a.).

If interest rates had been 50 basis points higher/lower throughout the year and all other variables were held constant, the Group's profit for the year ended December 31, 2022 and equity as at December 31, 2022 would have decreased /increased by approximately. AED 0.71 million (2021: decrease/ increase by AED 0.39 million).

• **Equity price risk:**

The Group's exposure to equity securities price risk arises from investments held by the Group and classified in the consolidated statement of financial position either as at fair value through other comprehensive income (FVTOCI) (note 5) or at fair value through profit or loss (FVTPL) (note 5). To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio.

Diversification of the portfolio is done in accordance with the limits set by the group. The majority of the group's equity investments are publicly traded.

Sensitivity analysis

At the reporting date if the equity prices are 20% higher/ lower as per the assumptions mentioned below and all the other variables were held constant, the Group's consolidated statements of income and comprehensives income would have increased/decreased by AED 6.30 million and by AED 21.46 million, respectively (2021. AED 8.34 million and by AED 34.80 million, respectively).

Method and assumptions for sensitivity analysis:

- The sensitivity analysis has been done based on the exposure to equity price risk as at the reporting date.
- As at the reporting date if equity prices are 20% higher/lower on the market value uniformly for all equities while all other variables are held constant, the impact on profit or loss and other comprehensive income has been shown above.
- A 20% change in equity prices has been used to give a realistic assessment as a plausible event.

FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

23. RISK MANAGEMENT: (continued...)

c) Credit risk management:

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Group's exposure and the credit ratings of its counterparties are continuously monitored, and the aggregate value of transactions concluded is spread amongst approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management annually.

Trade receivables consist of a number of customers. On-going credit evaluation is performed on the financial condition of trade receivables. Further details of credit risks on trade and other receivables and short-term deposits are disclosed in Notes 7 and 8 respectively.

The credit risk associated with the Group's trade receivables (note 7) is considered limited as the Group holds receivables amounting to AED 29.89 million (2021: AED 27.28 million) fully covered by unconditional bank guarantees and letters of credit to secure the collectability of these trade receivables.

Other financial assets represent investments carried at fair value through other comprehensive income (FVOCI) and investments carried at fair value through profit and loss (FVTPL), where all their investments are listed equity securities as at December 31, 2022 (Note 25).

Credit risk with respect to concentration of trade receivables by geographical area is follows;

	<u>2022</u>	<u>2021</u>
	<u>AED</u>	<u>AED</u>
United Arab Emirates	17,713,198	22,490,797

23. RISK MANAGEMENT: (continued...)

d) Liquidity risk:

Liquidity risk also referred to as funding risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The Group liquidity risk is the availability of funds to cover future commitments. The Group manages liquidity through an ongoing review of future commitments.

The Group considers expected cash flows from financial assets in assessing and managing liquidity risk, in particular its cash resources and trade receivables.

The Group non-derivative financial liabilities have contractual maturities as summarized below;

	<u>Less than one</u> <u>year</u> <u>AED</u>	<u>More than</u> <u>one year</u> <u>AED</u>
<u>As at December 31, 2022</u>

25. FAIR VALUE MEASUREMENTS:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates.

The following table provides an analysis of financial and non-financial instruments that are measured subsequent to initial recognition at fair value, grouped into level 1 to 3 based on the degree to which the fair value is observable;

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the assets or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

FOR THE YEAR ENDED DECEMBER 31, 2022 (continued...)

29. CORPORATE TAX:

On 3 October 2022, the United Arab Emirates (UAE) Ministry of Finance ("MOF") issued Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Businesses, Corporate Tax Law ("CT Law") to implement a new CT regime in the UAE. The new CT regime is applicable for accounting periods beginning on or after June 1, 2023.

Generally, UAE businesses will be subject to a 9% CT rate, however a rate of 0% could be applied to taxable income not exceeding a particular threshold or to certain types of entities, to be prescribed by way of a Cabinet Decision.

The Group is currently assessing the impact of these laws and regulations and will apply the requirements as further guidance is provided by the relevant tax authorities.

30. COMPARATIVE FIGURES:

Comparative figures have been reclassified in accordance with IAS 1 'Presentation of financial statements' in order to conform to the presentation for the current year.

Consolidated statement of financial position

- Certain provisions for inventories of AED 13,456,365 had been presented in other provisions under Trade and other payables. As at December 31, 2022, these provisions were classified along with Allowances for slow-moving inventories resulting in increase of Allowances for slow-moving inventories from AED 17,886,397 to AED 31,342,762.
- Certain advances of AED 688,586 were previously classified as a reduction from trade receivables. These advances were reclassified to advances from customer under trade and other payables.

The above changes had an effect only on the total assets and total liabilities reported previously and had no effect on previously reported total equity, net profit for the year or net changes in cash and cash equivalents.
